

Foton Auman

Foton Auman, officially known as Beijing Foton Daimler Automotive Co., Ltd., represents a cornerstone of innovation and development in China's commercial vehicle sector.

Established as a joint venture between Foton Motor Group and Daimler AG in 2012, Foton Auman has rapidly emerged as a leader in manufacturing heavy-duty trucks, setting benchmarks in quality, technology, and sustainability.

Dong Xu Vehicle, as a leading manufacturer and exporter of the trailer and semi trailer products in China, also provide new and used tractor trucks of various models produced by Beijing Foton Daimler Automotive Co., Ltd., including GTL, EST and other series of products.
